OBJECTIVE

Results-driven Full Stack Developer specializing in the MERN stack and AI-powered web applications. Passionate about problem-solving through clean software development, integrating LLMs, and building scalable, user-centric solutions.

EDUCATION

Oriental Institute of Science and Technology Bhopal, Madhya Pradesh
B.Tech, Computer Science Engineering 2024 – 2028

Model Public Higher Secondary School Ganj Basoda, Madhya Pradesh
12th Grade 2023 – 2024

EXPERIENCE

FlyRank AI Remote
Front-end AI Engineering Intern | [View LOR](#) July 2026 – Sept 2026

- Focused on Front-end AI Engineering, building intuitive and responsive interfaces for AI-driven organic growth tools.
- Worked closely with the Anthropic API, integrating LLM capabilities and optimizing AI prompts for real-world scaling and performance.

PROJECTS

Eco Voice | *React, Node.js, Express, MongoDB, Web Speech API* | [Live](#) | [GitHub](#) May 2026 – Present

- Engineered a voice-first productivity platform leveraging the Web Speech API to enable hands-free task management.
- Developed a scalable RESTful backend using Node.js, Express, and MongoDB to handle real-time CRUD operations.
- Deployed a responsive React frontend with an optimized UI, enhancing accessibility and overall user experience.

Career Compass AI | *React, Node.js, Gemini AI* | [Live](#) | [GitHub](#) June 2026 – Present

- Architected an AI-driven career guidance application utilizing Gemini AI to map student skills to industry demands.
- Implemented secure file uploads and dynamic, personalized career roadmaps based on intelligent profile evaluation.
- Designed a modular frontend architecture in React, ensuring clean code practices and seamless API integrations.

Jarvis Desktop Assistant | *Python, SpeechRecognition, PyAutoGUI* | [GitHub](#) May 2026

- Developed a Python-based voice assistant utilizing SpeechRecognition and PyAutoGUI to automate system-level operations.
- Integrated voice-triggered execution for application launching, browser navigation, and custom desktop workflows.

TECHNICAL SKILLS

Languages: C++, Python, JavaScript (ES6+), HTML5, CSS3
Web Technologies: React.js, Tailwind CSS, Node.js, Express.js, MongoDB
AI & Integrations: Anthropic API (Claude), Gemini AI, Prompt Engineering, Web Speech API
Tools & Platforms: Git, GitHub, VS Code, Cursor, Postman, Vercel

CERTIFICATIONS

Front-end AI Engineering – FlyRank AI | **Python for Data Science** – IIT Madras (NPTEL)
Programming in Java – IIT Kharagpur (NPTEL) | **Claude 101** – Anthropic
